OUTER BURIAL CONTAINER (VAULT) PRICE LIST

Prices are effective December 1, 2020 and are
subject to change without notice

Mt Whitney Funeral Home does not carry, nor offer burial containers. We
do offer a Cremation Urn Vault only

The law does not require outer burial containers, commonly known as vaults or grave liners,
but cemeteries may require them because they keep the ground from settling after burial. Typically, vaults
completely surround the casket in concrete or other material. Grave liners cover only the top and sides. Neither
container will prevent the eventual decomposition of human remains.

Natural burial, also referred to as green or eco-friendly burial, is a way of caring for the dead with minimal
environmental impact, often without a casket or burial container. The body is typically not embalmed and may
be encased in biodegradable materials for burial. Talk to cemetery staff if you're interested in this option
